## Autumn 2024

### Dear Friends,

Here in Alaska we are at that unique time of summer. We are well passed equinox and the days are still long, but you begin to realize that you are losing daylight every day. Each day the days become a little shorter and the evenings become just a little longer and soon darkness comes. Jesus spoke of just such a setting in John 9:4 "As long as it is day, we must do the work of him who sent me. Night is coming, when no one can work." In the natural there is the tendency to procrastinate because you still have a lot of daylight, and you think there is plenty of time to get it all done. But each day you are losing valuable daylight. We sense this urgency to do the work God has sent us here to do while we still have time.

This spring and summer have been very full with ministry. We are beginning to see new individuals and families coming into the church and we continue to pray for a full harvest. Linda receives encouraging news of how the literature evangelism is reaching lives where we cannot physically be.

We just concluded our 30th outreach ministry with Camp Agaiutim Nune Camp (Camp AN) with a harvest that only the Holy Spirit could produce. Lives were changed as kids and teens surrendered their hearts to

Jesus. There was a powerful presence of the Holy Spirit as kids and teens were being filled with the Holy Spirit. God healed a camper in one ear that could not hear. There was a spontaneous water baptism service to the glory of God! Alaska is being reached by the power of the Word and the Holy Spirit. Lives are being set free!

Because so many helped, we were able to purchase the needed outboard motor for the camp boat. Because of the age of the motor, the old one was unable to be repaired. We were also able to build the second of the five dorm cabins. This process is replacing thirty years of dorm tents with campers sleeping on the floor. These first two cabins are being used for girls' dorms and next summer we will begin building boys dorm cabins. Please be in prayer with us for finances and laborers for the project and for souls as we continue laboring while it is yet day.

#### Personal Testimony from a student taking Alaska Evangelism Bible Study lessons:

*"It has helped me learn so much. Especially His Church lesson. I only went to church once before it was turned into a house. I always wanted to attend a church but there is none in my village. Maybe someday they will build one or renovate one. I am still learning about God. But I thank you guys for teaching me many things about God."*
